# WELCOME

For our 76th season we put together a collection of wonderful music for almost every taste. We begin and end with good, solid, classical programming. Our opening concert features Mozart, Beethoven, and Brahms with one of the Northwest's hottest young soloists, Adrian King. The final concert will be Beethoven's immortal *Ninth Symphony*.

In between we will explore some more exotic sounds. In November we revisit great film scores, *2001: A Space Odyssey* (Strauss, Ligeti), *The Godfather* (Bach), *Vertigo* (Herrmann), *Manhattan* (Gershwin), *Excalibur* (Wagner), *The Pink Panther* (Mancini), and more.

Help us celebrate the December holidays with two separate programs; Handel's beloved *Messiah* is back by popular demand, and a second concert with Respighi's *Laud for the Nativity* and Russian Christmas music offers fun for the whole family.

March brings a hot Hispanic festival with Flamenco, Tango, and Mariachi music. We will enjoy an evening of Jazz at the newly renovated Historic Roxy Theater and two evenings devoted to the Rutter *Gloria* and other vocal masterpieces with the Bremerton Symphony Chorale. Don't miss a note!
